To conserve forever the lands
and waters of the Finger Lakes
region, ensuring scenic vistas,
local foods, clean waters, and
wild places for everyone.

The Finger Lakes Land Trust is a nonprofit conservation organization working across a 12-county region in Central New York. We have worked cooperatively with landowners and partners to permanently protect over 25,000 acres of treasured natural areas and scenic farmlands. The Land Trust owns and manages more than 35 conservation areas that are open to the public for quiet recreation. We hold over 150 easements on protected lands that remain in private ownership. FLLT is supported by members, and you can help us save more land.

MARTIN NATURE PRESERVE

CAYUTA, NY

MAP & GUIDE

**CONSERVED FOREVER
OPEN TO ALL**

FLLT.ORG/MARTIN

Acreage: 110 acres

County: Schuyler

Trails: 1.1 miles

Right on the bank of Catlin Mill Creek, which runs through the preserve, stretch the graceful limbs of a 300-year-old white oak, five feet in diameter.

NATURAL HISTORY

That ancient oak stands as testament to the beauty and strength of trees. Because of the extensive logging in the northeastern United States, trees like this are rare and welcome sights. In the 110-acre Martin Nature Preserve, naturally occurring trees have thrived. Populations of hemlock, yellow birch, white pine, white oak and sugar maple are nearing the old-growth stage of 150 years. In a hilly, swampy area of the preserve, an amazing yellow birch, curved and gnarled, stands tall, inching into the sky.

HISTORY

Once a Christmas tree farm, the preserve still has an abundance of conifers. Named after two of their grandchildren, whose father was from nearby Odessa, the preserve was donated by Gene and Joan Lane in 1993.

ACTIVITIES

Hiking & Running
Cross-Country Skiing
Snowshoeing
Birdwatching

DOGS

Keep your dog under control at all times

HOURS

Open dawn to dusk all year
