To conserve forever the lands
and waters of the Finger Lakes
region, ensuring scenic vistas,
local foods, clean water, and
wild places for everyone.

The Finger Lakes Land Trust (FLLT) is a nonprofit conservation organization working across 12 counties in Central New York. Since 1989, we have worked cooperatively with landowners and partners to protect some of the most treasured natural areas and open spaces in these vital watersheds. FLLT manages dozens of conservation areas that are free and open to the public for quiet recreation year-round. We also hold easements on protected lands that remain in private ownership. FLLT is supported by members, and you can help us do more!

PLYMOUTH WOODS NATURE PRESERVE

PINE CITY, NY

MAP & GUIDE

**CONSERVED FOREVER
OPEN TO ALL**

FLLT.ORG/PLYMOUTH

 **Acreage:** 88 acres

 **County:** Chemung

 **Trails:** 1.6 miles

In addition to its exemplary, mature oak-hickory forest, Plymouth Woods Nature Preserve encompasses a lovely little ravine and a small wetland.

NATURAL HISTORY

Most species of oak and hickory known in our region are found here, along with a few American chestnuts and healthy populations of mountain laurel and flowering dogwood. As you hike the red trail through the meadow, you undoubtedly will notice the numerous anthills. These are home to the Allegheny Mound Ant, an important part of the preserve's ecology. They make among the largest and most complex mounds of any ant. A colony can persist for over 100 years.

HISTORY

Dr. Edward Grandt, well-known Elmira physician, found a quiet refuge in this majestic forest for many years. In 2003, he generously donated his land to the Finger Lakes Land Trust. His goals were simple – to protect it in perpetuity and to share it with the public. For years, he maintained the trail system and a small scenic meadow.

ACTIVITIES

Hiking & Running
Cross-Country Skiing
Snowshoeing
Birdwatching

DOGS

Keep your dog under control at all times

HOURS

Open dawn to dusk all year

POLICIES
