To conserve forever the lands
and waters of the Finger Lakes
region, ensuring scenic vistas,
local foods, clean waters, and
wild places for everyone.

The Finger Lakes Land Trust is a nonprofit conservation organization working across a 12-county region in Central New York. We have worked cooperatively with landowners and partners to permanently protect over 27,000 acres of treasured natural areas and scenic farmlands. The Land Trust owns and manages more than 45 conservation areas that are open to the public for quiet recreation. We hold over 150 easements on protected lands that remain in private ownership. FLLT is supported by members, and you can help us save more land.

NATURAL HISTORY

Take in the sights of Bare Hill, South Hill, and the Finger Lakes Land Trust's Great Hill Nature Preserve (Nundawao) while enjoying this tranquil and rustic landscape surrounded by rolling meadows and forested hillsides. Bald Eagles have been observed here soaring overhead as well as Bobolinks nesting in the fields below. There are no trails on the preserve, and visitors are advised to stay in the overlook area.

HISTORY

FLLT purchased the land in 2016 from Rochester resident Ed Cloos, who utilized it as a retreat and a place to grow grapes for more than 40 years. Mr. Cloos agreed to sell the land for less than its appraised fair market value, preferring to forego additional profit so that he would know that the land would be well cared for in the future. Several habitat restoration efforts and site improvements have been completed.

ACTIVITIES

There are no trails on the preserve; visitors are advised to stay in the overlook area
